Glades Sugar House Renames All Officers

George H. Wedgworth of Belle Glade was re-elected president of Sugar Cane Growers Cooperative of Florida in the sixth annual stockholders meeting of that organization. Robert D. Apelgren of Pahokee was re-elected vice president at the same meeting.

At the annual meet held in the board room of the cooperative, Mr. Wedgworth reviewed the past year's operation of the mill and discussed with cooperative members the future of the organization. The youthful president pointed out that cooperative officials are enthusiastic over the relationship of the concern with the Quaker Oats Company — a concern that will manufacture furfural out of bagasse from the mill operation. Furfural is a chemical used in the manufacture of synthetics, Mr. Wedgworth pointed out. Already the Quaker concern has started construction of a plant immediately north of the cooperative office building and officials hope that manufacture of furfural is not too far in the future.

It is expected that a million tons of came there will come 95,000 tons of sugar. The grinding season — 1966-67, the president said. From this amount of cane there will come 95,000 tons of sugar. The grinding season was originally set to be concluded by the end of March; however, due to the shortage of off-shore labor and inclement weather, the season will in all probability run through the month of April.

Directors on the Board, whose terms had expired, were re-elected vannimously by the membership.

in all probability run through the month of April.

Directors on the Board, whose terms had expired, we're re-elected unanimously by the membership. George Wedgworth and Robert Apelgren were re-elected as President and Vice President, respectively, and Billy Rogers was newly elected as an additional vice president. The Board now consists of: George Wedgeworth, President; Robert Apelgren, Vice President; Billy Rogers, Vice President; Walter Kautz, Secretary-Treasurer; Joe T. Boynton. Director; John Tiedtke, Director; Andrew Duda, Director; Lewis Friend, Director; Roy Vandegrift, Director and Fritz Stein. Jr., Director.

It is exepected that planes from the British West Indies will bring in the cane cutters over the coming weekend. If this is correct and local cane growers hope that it is, then the Glades Sugar House next week can step up its operation by a large percentage.

Congressman Paul Rogers threw his influence into the battle with Labor Secretary Wirtz and it is thought that this was the final convincing argument that won the battle for the growers.

Mill officials and growers who process their cane at the Glades Sugar House aren't satisfied with the small number of 250—they feel that to get the cane harvested properly and on time that more than 500 cane cutters should have been assigned to this immediate task.

w 34% interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

- 1: How does the new 33/4% interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 19-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to 234% for the first year and a half; then a quaranteed 4% each year to maturity.

St When did the new rate become effective?

- Q: When did the new rate become effective?
- A: June 1, 1959.

- to Does the new rate change the Bonds I bought be-
- fore June 1, 1959?

 At All older E and H Bonds pay more now—an extra

 4% from now on, when held to maturity. The increase takes effect in the first full interest period

 after June 1.
- Q: Will the Bonds I own automatically earn their new rate?
- As Yes. You don't need to do a thing-just hold on to
- When my E Bonds mature, will they keep on earning interest?
- k Yes. An automatic 10-year extension privilege went into effect along with the new interestrate. This means your E Bonds will automatically keep earn-ing interest after maturity.
- & With the new interest rate, should I cash in my old Bonds and buy new once?
- In No. The automatic 1995, increase makes it unnecessory—and in almost every case it is to your advantage to retain your present Bonds.

 Se How are series H Bonds different from series E
- Bonds?
- The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

- check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.
- Q: In what denominations can I buy series E and series H Bonds?
- A: Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$875.00), \$1,000 (cost \$750.00), \$10,000 (cost \$750.00), \$10,000 (cost \$750.00).

 H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.
- On How safe are U.S. Savings Bonds?
- A Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the test value of your Bonds will not drop, that it can only grow.
- & What if my Bonds should be lost, stolen or destroyed?
- As You can't lose Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.
- Bonds they are repared.

The registration of the guests in the bride's book was under the direction of Miss Gale Sears.

Refreshments were served in the dining room where the refreshment table was overlaid with a lovely pink organdy tablecloth with insertions and lace. The punch was served by Mrs. Billy Kennedy and Miss Dorothy Batchelor from a silver punch bowl. The table was accented with an arrangement of pink roses and white tapers in an antique crystal pitcher. Open faced sandwiches were served in silver trays and the petit fours were served from a silver tier plate. The punch was pink with a heart-happed ice float accented with cherries. cherries

Red Cross Drive Starts On March 1st

March 1 will be the start of the Red Cross Fund Campaign with Fred G. Yount as the 1966 chairman for Palm Beach County. He is currently a member of the Board of .Directors and the Executive Committee of the Palm Beach County Red Cross.

He is president of the South Florida Fair and Exposition and has been a member of its board of Directors for the past eight years. He holds a firm conviction that the Fair will continue to grow and prosper until it becomes the single outstanding event of theyar in Palm Beach County. He has been a resident of Palm Beach County since 1955 when he sold his extensive business interests in Pittsburgh to come to Florida. His interest in Palm Beach County dates back to the 1920's when he was employed by the Everglades Experiment Station in Belle Glade, as an assists in to Dr. R. V. Allison. Mr. Yount survived the 1928 hurricane and assisted in the evacuation

as an assistant to Dr. R. V. Allison. Mr. Yount survived the 1928 hurri-cane and assisted in the evacuation of hundreds of storm victims. He was the first president of the Flor-ida Ramie Growers and Processing Association and later sold his hold-ings to the Florida Sugar Corpor-

ation.

In addition to his activities with the Fair, Mr. Yount has many interests, one of which is his Fred G. Yount, Inc., in which he conducts a land development business. He is a member of the Resources Development Board of Palm Beach Country, having served on several of its committees.

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS
